

## LIMITED WARRANTY

New Aimpoint Associates hydrostatic test pumps are warranted to be free of defects in workmanship and materials for one year from the date of purchase by the end user. Aimpoint will rebuild or replace the pump free of charge if failure is due to defects in material or workmanship within the warranty period. Please read the complete warranty document carefully because it is a legal document and a limited warranty. Final judgment of warranty claims is made by Aimpoint. We will rebuild or replace inoperative pumps if the warranty is registered within thirty days of purchase, they are returned intact, freight prepaid, and our inspection substantiates the claim. If anyone other than Aimpoint personnel opens the pump for any reason, the warranty is void.

Please note that our warranty does not cover damage caused if you operate the pump improperly. Warranty does not cover damage resulting from starvation of the pump or due to ingestion of foreign particulate matter.

Warranty Remedies - If, prior to expiration of the foregoing warranty period, any product shall be proved to Aimpoint's satisfaction to be defective or nonconforming, Aimpoint will rebuild or replace such defective equipment or components thereof. Buyer's exclusive remedy and Aimpoint's sole obligation under this warranty shall be limited to such rebuilding or replacement, and shall be conditioned upon the defective equipment being returned to Aimpoint.

Exclusions - This warranty does not (i) cover shipping expenses paid to and from Aimpoint's factory or other destination designated by Aimpoint for rebuilding or replacement of defective equipment, (ii) apply and shall be void with respect to equipment operated in excess of rated capacity or otherwise not in accordance with operating instructions or requirements, to equipment rebuilt or altered by others than Aimpoint, or to equipment which was subject to negligence, misuse, misapplication, accidental damages by circumstances beyond Aimpoint's control, to improper operation, maintenance, or storage, or to other than normal use or service, and (iii) apply to equipment or components not manufactured by Aimpoint. With respect to equipment not manufactured by Aimpoint, Aimpoint's warranty obligations shall in all respects, conform and be limited to the warranty actually extended to Aimpoint by its suppliers, but in no event shall Aimpoint's obligations be greater than those provided under Aimpoint's warranty statement.

THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES (EXCEPT TITLE) INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. Any description of the equipment whether in writing or made orally by Aimpoint's agents, specifications, samples, models, bulletins, drawings, diagrams, engineering sheets, or similar materials used in connection with Buyer's order, are for the sole purpose of identifying the equipment and shall not be construed as an express warranty. Any suggestions by Aimpoint or Aimpoint's agents regarding use, application, or suitability of the equipment shall not be construed as an express warranty unless confirmed to be such in writing by Aimpoint's authorized office at Aimpoint's home office.
